

Celebrating Summer

We hope you enjoy our poems on a summer theme. We wrote them on a lovely sunny day at the end of Rang 4. We could visualise the sun, the sea, the ice-creams and the music. We were looking forward to our long summer holidays!

Recipe for a Perfect Summer!

Take 500g of sunshine
And a cup of sun-cream
Add a bit of the seaside
And some laughter too
Stir in a scoop of ice-cream
Then pour in some slushies
While you listen to beat 102-103.
Sprinkle a bucket of seashells
And decorate with a big SMILE!

At the Seaside

I see the sea

I hear children screaming 'I love the beach'

I smell sea weed and I feel the sand in my feet

I taste salty sea water

'I think I am in love with the beach,' I say

I feel happy inside of me

I wonder will I get chips today?

I wish I had ice-cream now!

July

When July tiptoes in
The sun comes out
And the birds will sing!

Down on the shore
You hear the sea roar

In the sea
The way I feel
Is so calm
And that's the way I am in the summer

Summer

Waves crashing
Seagulls squalling
Lovely takeaway chips
Sandy sand
Everybody clap their hands
At Beat 102 103
On the beach!

Summer

Take two handfuls of sunshine
And a palmful of sun-cream!
Throw them on like a splash of water
Wait and read a book of your favourite author!

Now you have a perfect summer!

Summer

Summer is hot
Usually hot
Mostly I eat ice-cream
Much much more ice-cream
Everyone plays
I really love the beach

Summer

The rays shining on the sandy beach
The bouncy thick slices of fun
The calm salty sea and seagulls gliding
The incredible walk on the pier
The beaming smile on people's faces
The mouth-watering smell of fish and chips
I soak in the sunny weather
The beach is best

Summer Fun!

Summer is here
Hip hip hurray!
We can play in
The sand all day
Relaxing on the beach
It feels so good
To be out of school
No lunches to make
No uniforms to clean
The sun is shining down
On me
Wow!
I really need an ice-cream
After that I'll have
A water fight and then
I'll go to bed
And wait for
The day ahead!

Summer

Summer comes in long and loud
It zooms across to everyone
And brings laughter and fun
And before you know it
It hops back
To where it came from
To come back next year

At Sandybanks

At the river of Sandybanks
My dog and I
And my Mammy and my sister
And my brothers and my family
Having a good time
My family love it
And I love it
It is good fun
And I love it!

Summer

Fish swimming
Seagulls flying up so high
The salty sea
The sand underneath me
The nice, nice ice-cream
It's a lovely day
So happy
Will I ever see the nice beach again?
I wish it would last forever

Holly Etherton, June 2015

Summer

Waves splashing
Surfers surfing
Fishermen fishing
And the kids playing
The Daddies sleeping
And the kids making castles

Summer

I see the bright sun
I feel sand while I run
I hear lots of laughter
I think I'll have ice-cream after!
I taste the salty sea
Why don't you come with me?

Summer

Summer gallops in
Happy and sunny
Eyes the colour of the sea
The sun the colour yellow
I put out picnic baskets
And run to the sea
Summer is a baby still
He slowly trots out.

Summer

Summer is a swimmery summer
Under the ground the insects are saying
'Oh no! It's summer'
My friends and I are playing.
My family are going to France
Everyone is playing
Ready, steady, go!

Summer

I buy an ice-cream
It is cold
Every summer I go to the beach
Crazy days on the beach
Rowing in my little boat
Every time I go to the beach is such fun!
Ana Paula is singing with an ice-cream in her mouth!
Most of the time I buy ice-cream at the beach
and we have a lot of fun
and I am happy!

Summer

The waves waving calmly
Customers ordering ice-cream!
The summer breeze so fresh
The sand so soft
The mint ice-cream...Yum!
I wish I lived here all my life!

Summer

Sleeping in every day
Under the water at the pool
Maybe go to the beach
Make lots of things
Eating ice-cream all day long
Rolling on my roller skates
What fun!

Summer Summer

Summer, summer
You make me wonder
Where do I belong?

In the sea down under!

But what do I do
In the sea down under?
Swim with the dolphins and fish!
Play with your best friend Trish.

But what if Trish doesn't want to play?
And what if the fish all scurry away?
Schools out, Rules out
Because summer is on the way!

Summer

She skips into the room
With a big smile on her face
A seashell necklace and bathing suit
A spade and bucket in her hands
She bends down and makes a sandcastle
Her smile fills the room the joy
She runs and does a cartwheel
And dances out!

Summer

Oh my good friend summer
I wait for summer all year round
All I do is wait for daisies to pop up on the ground
It feels like years waiting for summer to come
And it's seconds until summer's gone
3 scoop ice-creams
Dripping down my mouth
Just relaxing on my recliner couch
And so many barbeques I'm gonna get sick
While later I'll build forts with bamboo sticks
And there are so many stories I have to tell
But it's the end of my song
And I hope your summer goes well!

By Saloni Adurkar

Summer

The children laughing, playing, eating ice-cream
Water fights and the sea!
I should join them
Seashells and the salty water
The sandy beach and the salty water
Happy to be here!

July

July dances in cheerfully
Eyes the colour of sea
Coat the colour beige
Short and slim
He empties the school
Eats up the clouds
He sings brightly
And dances out!

Amelia Kolodziejczak

Summer

Summer summersaults in
With a tumble and flip
She jumps over vaults
And dives through hoops
Then suddenly leaves!
I feel sad
That summer just left!
