

The Heartprints Project

We leave fingerprints on
Everything our hands touch,
On doorknobs, phones and books -
There's no escape!

When we touch
We also leave heartprints
And with all the love we leave
It will never go away,
It will always be there, forever to stay.

We leave good memories,
And good feelings,
So that throughout the year
No one will forget the good things we have done.

You leave heartprints on your family and friends,
On people in your class and people you help.

When we touch
We leave a piece of us behind.
God, wherever we go
Let us leave heartprints .
Heartprints of compassion,
Understanding and love,
Heartprints of kindness
And concern for everyone.

Try to leave heartprints after you,
So everyone will remember the type of person you really are.

Written by Rang 6, Presentation Primary School, Clonmel, 2012 and based on a reflective poem called "Heartprints", author unknown.
